An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

The application has been amended as follows:

In claim 9, line 2, --of a magnet--has been inserted after "lines" (to provide antecedent basis for "the magnet" on the last line).

The following is an examiner's statement of reasons for allowance: the prior art of record does not show or render obvious an apparatus including a magnet disposed as recited in claim 1 or a method of detecting comprising arranging magnetic field lines as recited in claim 9.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
